

P.R. Latta – A Democratic Hero

Mr. P. R. Latta is a genuine hero of the Democratic Party. We are blessed that he lives and volunteers his services within Wake County, but his service also extends state-wide and nationwide. Everybody who works in the North Carolina and Wake County Democratic Party structure soon learns who P.R. Latta is.

He is a dedicated Democrat from the school that believes government exists to help people...not just a few rich people at the top...but ALL people. That's why he earned honors as a stalwart labor leader in the communications industry. He is a member of the Greatest Generation, and went ashore at Omaha Beach in Normandy to make sure the USA defeated the fascist governments of Europe. He is still fighting fascism, racism, and inequality every time he makes a stake for a candidate or organizes for new officers in our Party.

P.R. Latta is one of the best models of an authentic, grass-roots, volunteer Democrat there is. If you haven't met him, you are missing a chance to befriend a genuine public hero! God Bless P.R. Latta and what he works and stands for!
